The UK Spanish Chicken Breeders Group Newsletter 5

Welcome

Well, the strange and worrying year continues

We have come out of the complete lockdown as rules have been relaxed in some areas.

We do know that The National & Federation poultry shows in December have been cancelled. County shows and most Poultry Shows have also been cancelled throughout the summer. Now it looks as though we will be going back into some sort of lockdown in the near future. Certain regions are already experiencing such measures.

For those of you new to the breed you will have read about the RBST & RPS Breeding Program (detailed in previous newsletters which can be found on our website, details at the end of any Newsletter). Any problems finding these please get in touch with me.

Part of the requirement of the 3 year breeding program is that we meet at least annually with the RBST & RPS to report on our progress over the last year and plan "the next stage".

Last year September 2019 we were able to meet at Stoneleigh. Some took birds and there was a presentation and general discussion. (Minutes of the meeting are also available in a previous newsletter).

Obviously, in the current situation the planned September 2020 meeting could not go ahead. We decided to have our annual breeders meeting via Zoom. We had a try out session between 4 of us in early September and will soon be inviting you to join us in October. Since we planned our September Zoom meeting the RBST & RPS have decided to also go ahead with co-ordinated Zoom meetings for all Breeds involved in Breed Programs (so called target breeds)
